# GearMax® “S” Series Expandable Back Pack

*Recommended for Youth Teams,  
Urban Warriors, office or school!*

Item Numbers: SBLA (Black)  
Shipping weight: 3.00 lbs. Dimensions: 18.00H 10.00W 14.00D

## Work, School, Play

The GearMax “S” series Back Pack is designed to fill the niche between the serious athlete or outdoorsman and those requiring a backpack that will also fulfill daily requirements of school, work, or even the shuffle to the office. Slightly smaller than our standard “M” series, this version folds out into a hanging locker exactly like all GearMax products and is built to the same high-quality standards with most of the same features that make GearMax a favorite.

The front pocket holds business cards, pens and accessories for work or play. The inside features zippered mesh pockets; a privacy pocket for securing and hiding personal items. Outside, a zippered top access pocket allows easy access to the center interior mesh compartment. The bottom is designed with added rigidity using slip-proof bottom material that will easily accommodate most standard size school books.

The “S” series features a heavier duty handle, a cell phone pocket connected to the heavily padded shoulder straps for easy access, and a side pocket for personal electronics. The top hook is a heavy S style hook to better fit standard coat hooks in the gym or office. The GearMax logo is located on the left side panel.

# GearMax® “S” Series Pet Pack

## Your Pet Will Love You!

The GearMax® “S” series Pet Pack offers the ultimate travel accessory for your Dog or Cat. Bowls, Food, Treats, Clothing, Collars, Accessories and even medicine will easily all fit inside the pack, neatly sorted in the mesh compartments.

At your destination, the unique GearMax® design allows the pack to unfold into a wall of vented compartments which allow a quick inventory of contents and easy access to needed items. The S hook allows hanging in a closet or on a door, and keeps food out of reach of curious and hungry pets. When closed and carried as a back pack, the Pet Pack also has a cell phone holder and an additional side pocket for your iPod or Blackberry.

The front zipper compartment has spaces for business cards and pens, with extra room to spare. The top zippered pocket allows access to the inside center compartment without opening the pack, and can be further customized with the owner’s name or club by any local embroiderer.

An entire trip’s worth of pet supplies fits easily into the GearMax® Pet Pack, keeping it sorted, organized, and – when hung – off the floor.

Many local authorized GearMax® Dealers can even custom embroider your own pet’s design and name on the pack.

Item Numbers: SBLA-PP (Black)  
Shipping weight: 3.00 lbs. Dimensions: 18.00H 10.00W 14.00D

# GearMax® “M” Series Expandable Back Pack

\* Available Summer 2010

## Outdoor and Recreational

The GearMax® “M” Series expandable back pack looks and carries like a conventional back pack, yet opens to a portable locker allowing easy access to contents. The hanging hook quickly attaches to a door, locker, tent, or tree, and allows the pack to transform into a wall of ventilated pockets placing all contents within easy reach for unpacking and packing. The mesh pockets allow a quick inventory of clothing and gear while providing superior ventilation that inhibits odor and mildew growth. When closed, the top external access pocket provides easy access to the interior without the need to open the bag. Side pockets and Velcro keepers allow additional equipment to be carried and available for quick access. Available in Black, Blue, Red, Pink and Forest Green.

## Sports Enthusiast

The GearMax® “M” series is the perfect match for all sports enthusiasts. Clothes and gear easily fit in one convenient backpack. When at the event, one zip allows the bag to transform to a hanging locker that will quickly attach to gym locker doors, tennis fences, or even uplifted tailgates through the use of the handy hook. External pockets and Velcro keepers fix bats, rackets, helmets and other bulky gear firmly in place. When home, simply open the bag and hang. The ventilated pockets help dry gear and inhibit odor and mildew growth. An exterior vinyl backed wet pocket segregates wet bathing suits, headbands, gloves, or other sweat soaked items from the rest of the clothing. Available in Black, Blue, Red, Pink, and Forest Green.

# GearMax® “M” Series Expandable Back Pack

*Added Convenience for Overnights,  
Vacation, or your next Cruise!!*

*Recommended for the Hunting  
and Paintball! Enthusiast!*

Item number: MLBLA (Black Leather)  
Shipping weight: 4.50 lbs. Dimensions: 18.00H 13.00W 11.00D

Item number: MCAM (Camouflage)  
Shipping weight: 4.00 lbs. Dimensions: 18.00H 13.00W 11.00D

## Travel and Luggage

The traveler's version of the GearMax® “M” series combines the best of both worlds. The optional leather version adds a touch of elegance at an affordable price. One zip unfolds the backpack and allows instant visual inspection of all contents at airports and train terminals, minimizing time delays while going through security checkpoints. The Back Pack features allow additional uses during day trips while on vacation and cruises. Available in Black Patchwork Leather.

## Hunting and Paintball (Camouflage)

Need to blend into the outdoors? The GearMax® “M” Series Camouflage pack offers all the standard features but in camouflage. The interior includes a “wet pocket” to keep dry items from the elements or as storage for wet items. The convenient size allows the hunter to carry all necessary items for the field or stand while providing easy quick access to high priority items through the top external access pocket without opening the back.

# GearMax® “MC” Series Expandable Back Pack

With Collapsible Cooler

Recommended for Hiking,  
Exercise, Gymnastics, Day Trips  
to the Beach, Cruises, Biking  
and most Sports!

Perfect for Canoeing, Fishing,  
Boating and Day Trips!

Item numbers: MCBLA (Black); MCREd (Red); MCGRE (Forest Green)  
Shipping weight: 4.00 lbs. Dimensions: 19.00H 13.00W 11.00D

## Bring Your Lunch!

The Gearmax® MC Series Backpack features a collapsible cooler that is accessed from an external bottom zippered pocket. When required, the cooler expands internally and keeps food or drinks either hot or cold, depending on the season and user preference. When not required, the cooler collapses, allowing full use as any standard M Series Backpack. External access allows availability of the contents without the need to open the backpack. The MC Series retains all the features of the standard M Series.

## Enjoy a Day at the Beach

Gearmax® MC Series Backpacks offer the first truly new design in sports, athletic, and recreational back packs in over two decades. Our patented line of Gearmax® back packs look and carry like a conventional back pack, but with one quick zip each expands into a portable locker allowing easy access to contents. The heavy duty hanging L hook quickly attaches to an uplifted tailgate, boat berth, fence, or even a tree and allows the pack to transform into a wall of ventilated mesh pockets placing all contents within easy reach for unpacking and packing. The mesh pockets allow a quick inventory of clothing and gear while providing superior ventilation that inhibits odor and mildew growth. Wet contents will quickly dry in the sun while at the beach or hanging in the closet at home.

When closed, the top external access pocket provides easy access to the interior without the need to open the bag. Side pockets and Velcro keepers allow additional equipment to be carried and available for quick access when required.

# GearMax® “L” Series Expandable Back Pack

The “L” Series can be custom embroidered on both the wet pocket and the top access pocket.

*Recommended for Boating,  
Skiing, Snowboarding,  
Camping, Scouting & More!*

*Recommended for Youth Hockey,  
Field Hockey, Football, and  
Martial Arts!*

Item numbers: LBLA (Black); LRED (Red); LGRE (Forest Green)  
Shipping weight: 5.00 lbs. Dimensions: 20.00H 20.00W 13.00D

## Outdoor and Recreational

The GearMax “L” Series is a larger expandable back pack that looks and carries like a conventional back pack, yet opens to a portable locker allowing easy access to contents. The hanging hook quickly attaches to a door, locker, tent, or tree, and allows the pack to transform into a wall of ventilated pockets placing all contents within easy reach for unpacking and packing. The mesh pockets allow a quick inventory of clothing and gear while providing superior ventilation that inhibits odor and mildew growth. When closed, the top external access pocket provides easy access to the interior center pocket without the need to open the bag. Side pockets and velcro keepers allow additional equipment to be carried externally on both sides and available for quick access. Bottom grommets allow water from melted snow or ice to drain from the bag while hanging.

## Sports Enthusiast

The GearMax “L” series is the perfect match for sports enthusiasts that use larger gear, such as Youth Hockey, Field Hockey, and Football. Clothes and gear easily fit in one convenient backpack. When at the event, one zip allows the bag to transform to a hanging locker that will quickly attach to gym locker doors, tennis fences, or even uplifted tailgates through the use of the handy hook. External pockets and Velcro keepers fix helmets, guards, skates or boots, gloves, and other bulky gear firmly in place. When home, simply open the bag and hang. The ventilated pockets help dry gear and inhibit odor and mildew growth. An exterior wet pocket segregates headbands, gloves, or other sweat soaked items from the rest of the clothing. Available in Black, Red, and Forest Green. Side pockets and velcro keepers allow additional equipment to be carried externally and available for quick access, and bottom grommets allow water from melted snow or ice to drain from the bag while hanging.

# GearMax® “XL” Series Expandable Back Pack

## Sports and Recreation

The GearMax® “XL” series is designed for those sports requiring a large assortment of gear, such as Hockey, Lacrosse, and Scuba Diving. Clothes, Wetsuit, and related gear easily fit in one convenient backpack. When at the event or location, one zip allows the bag to transform to a hanging locker that will quickly attach to virtually anything, from gym locker doors to boat berths, through use of the handy hook. External pockets hold additional gear. The “XL” series includes bottom wheels that allow a properly packed bag to be rolled. When home, simply open the bag and hang. The ventilated pockets help dry gear and inhibit odor and mildew growth. An exterior pocket segregates damp or smaller items from the rest of the clothing. Available in Black, Red, and Forest Green.

*Recommended for Hockey  
Scuba Diving, team support bag,  
troop bag or family camping gear!*

Item numbers: XLBLA (Black); XLRED (Red); XLGRE (Forest Green)  
Shipping weight: 20.00 lbs. Dimensions: 29.00H 21.00W 15.00D

# New GearMax® Accessories for 2010!

## The GearMax® CIPOB™ Backpack Cell Phone Holder

Want easy access to your cell phone, iPod® or other device while on the trail? Our new CIPOB™ Cell Phone Holder will strap onto any backpack shoulder strap and keep that phone handy and right where you want it. The unique multi-use strap design will also configure to securely attach to your belt, and the flip-up hanging hook will allow it to hang from a tent ceiling, rear view mirror or almost anywhere you need it. The top flap allows clearance for most device's earphones.

Tired of fishing around for your cell phone while in the car? The oversized Velcro straps will easily strap around the shifter shaft on most automatic transmission cars, placing the phone right at your fingertips. Can't hear the phone ring? Strap the CIPOB on to the overhead grab bar and it's right by your ear.

Wherever you need it, the GearMax CIPOB™ will put it just where you can get it.

Available in Black Only  
Item Number: CPBLA

(Available Spring 2010)

# Gearmax® Promotional and Customized Versions

## Available on all 2010 GearMax® Backpacks

Customize your GearMax back packs with your team or company logos! Beginning at \$5.50 per back pack, GearMax can provide a high quality embroidered logo stitched right into the bag or, should you choose, can be done by any local embroiderer in your area.

Our customers have ranged from local baseball and swim teams to national corporations and organizations. An excellent incentive for health clubs and gymnasiums, or as event awards! Available in all color selections for all series. Custom colors are available for larger orders.

S, L, and XL Series can be embroidered on both the front pocket and on the top access pocket, allowing organizations and teams additional customization.

Great for Awards!

# GearMax® Equestrian Series: THE Portable Tack Trunk!

The GearMax® Equestrian Series makes events and trail rides a breeze! Now available in most standard M Series and all L Series colors. The embroidered Equestrian logo on the front differentiates these packs from standard GearMax® versions.

Desire a different equestrian logo? In 2010, GearMax® has partnered with many embroidery shops across the country that can customize any series GearMax® pack for your specific riding discipline. Visit our website for the dealer nearest you, or go to the Equestrian portion of our “Where to Buy” section at our website for a list of dealers that have hundreds of designs available and will ship.

## Equestrian “L” Series

Our most popular Equestrian version, the L Series pack will fit all your riding essentials in one pack. With just one zip, the pack unfolds into a wall of separate vented pockets that easily hang on the side of a horse trailer, uplifted tailgate or anywhere in the stall or stable. Easily accommodates helmets, breeches, chaps, tall boots and most other items of attire or riding gear. The L Series will accommodate standard clothes hangers to carry jackets, with a cross strap to keep them in place when the pack is folded. External side pockets and Velcro straps allow riding crops or other tall items to be added. Most riders find the only thing that doesn't fit in the L Series is the saddle!

When at home, the pack sorts, stores, and organizes your equipment in one handy bag. The ventilated pockets inhibit mold and mildew growth to reduce odor and keep your gear looking great longer. Available in Black, Red, or Forest Green.

## Equestrian “M” Series

The M Series pack is designed for those quick trips when full riding gear is not required. Many horse enthusiasts use the M Series as a separate Grooming Bag or to hold Equestrian First Aid supplies. When open, the oversized L Hook allows the pack to hang virtually anywhere, keeping the contents both handy and away from the stable floor or muddy ground.

M Series  
Shipping weight: 4.00 lbs. Dimensions: 19.00H 11.00W 13.00L

L Series  
Shipping weight: 4.00 lbs. Dimensions: 20.00H 13.00W 20.00L

## Police Fire and Rescue

### Suggested Uses:

#### **GearMax® “M” Series Expandable Back Pack**

The M Series is perfect for a quick jump bag for medical personnel or as an accessory bag for police or fire. At the station or barracks, the pack will easily fit and hang inside a conventional locker. For more details go to the “M” Series section of this catalog.

#### **GearMax® “L” Series Expandable Back Pack**

The L Series is preferred when uniforms, jackets, boots, or a larger assortment of gear is required. The design allows conventional coat hangers to be hung from the inside and strapped, providing storage for uniforms, jackets, or protective gear. The bottom inside panels contain elastic straps that will accommodate most boots or high shoes. For more details go to the “L” Series section of this catalog.

#### **GearMax® “XL” Series Expandable Back Pack**

The XL Series is preferred when a very large assortment of gear is required. The design has quickly caught on with Dive Rescue Teams, as a storage pack for CPR dolls, for Mountain Rescue Teams and many other niche uses. For more details go to the “XL” Series section of this catalog.

The GearMax® “M, L, and XL” Series are now used extensively by Police, Fire and Rescue personnel throughout the country.

The GearMax® system provides the perfect solution for professions that require a large amount of gear to be ready and available at a moment's notice. Simply grab it and go. When at the scene our design will unfold with one quick zip, transforming into a wall of ventilated pockets placing all contents within easy reach for unpacking and packing. The mesh pockets allow a quick inventory of clothing and gear while providing superior ventilation that inhibits odor and mildew at the station or at home. The hanging hook will instantly hang on the truck, the trunk, on a locker or door, or virtually anywhere outdoors. The patent pending design allows quick access when time is of the essence. The entire GearMax® line of back packs look and carry like conventional back packs or can be toted as a conventional duffle.

When closed, the M, XL and 2010 L Series all have a top external access pocket that provides easy access to the interior center pocket without the need to open the bag. Standard in our M Series and new for 2010 L Series are side pockets and velcro keepers that allow additional equipment to be carried externally and available for quick access. Also new for the L and XL Series for 2010 are bottom grommets that now allow water from wet gear and melted snow or ice to drain from the bag while hanging.

The entire GearMax® line can be customized with your department logo. GearMax® offers the very finest in embroidered emblems and customized department names through several local embroidery firms. In the alternative, all GearMax® products are designed so any local embroidery firm can easily accomplish the task should it be preferred the work be done with your local vendor.
